While the Weakley County Board of Education will endeavor to:

- Provide highly qualified administrators, teachers, and support staff that use research-based practices, strategies, and programs to provide students clear purpose and direction;
- Provide curriculum and instruction that is properly aligned, research-based, and data-driven, focusing upon student achievement with high expectations;
- Provide technology for the students that will enhance the learning experience and prepare them for the global environment;
- Provide a safe, positive, and physically comfortable school environment that promotes learning; and
- Provide a collaborative environment that encourages educators, parents, and members of the community to work together for the benefit of student learning,

The Board approves the following broad-based instructional goals for students:

- To begin school ready to learn and to develop a positive attitude toward learning as a lifelong endeavor;
- To learn the basic skills of reading, writing, computation, spelling, speaking and problem solving;
- To learn to identify personal talents and interests, make appropriate career choices, and develop career skills;
- To develop the capacity to cope with change through an understanding of the arts, humanities and scientific processes;
- To develop the skills necessary to function as a self-directed person;
- To acquire the knowledge and attitude necessary to achieve and maintain good physical and mental health;
- To know the principles involved in making moral and ethical choices.
- To acquire knowledge and to develop skills in the management of personal and public resources necessary for meeting obligations to self, family and society;
- To learn to act in a responsible manner and respect the rights and responsibilities of citizens of the community, state, nation and world;
- To learn to understand, respect and interact with people of different cultures, generations and races.
