## **GENERAL**

Credit recovery is a course-specific, standards-based extended learning opportunity for students who have previously been unsuccessful in mastering the standards required to receive course credit or earn promotion. Credit recovery programs, in general, have a primary focus of helping students stay in school and graduate on time.

The Director of Schools shall ensure that credit recovery facilitators receive training regarding course organization, online instruction management, and related technology.

Credit recovery teachers shall comply with all State Board of Education certification requirements.<sup>1</sup>

## **ADMISSION AND REMOVAL**

No student shall be admitted to or otherwise enrolled in credit recovery courses unless:

1. The student's parent/guardian gives written consent for the student to enroll in the proposed credit recovery course. Parents/guardians should be informed that not all postsecondary institutions will accept credit recovery courses for credit and that the NCAA Clearinghouse will not accept credit recover courses for credit; and
2. The student has previously taken an initial, non-credit recovery section of the proposed course and received a grade of at least fifty percent (50%). Students who receive a grade of below fifty percent (50%) in the non-credit recovery section of the course must retake the course.

If a student is seeking to recover credit for the first semester of a two-semester course, the student may not receive the full credit for the course until s/he has enrolled in and passed the second semester of the course and taken any applicable End of Course examinations.

The Board shall track students enrolled in credit recover courses as directed by the Tennessee Department of Education.

## **INSTRUCTION AND CONTENT**

Credit recovery teachers shall work closely with credit recovery facilitators to correlate class content and instruction.
