It shall be the responsibility of the director of schools to develop an appropriate safety program for the school system. The Board shall provide sufficient staff and budget for its implementation.

The Board shall designate a professional staff person who shall be responsible for the promotion and development of a prevention and safety education program for students and personnel employed by the school system. This person shall be given authority and title commensurate with the task and shall answer directly to the director of schools. The general areas of responsibilities include, *but are not limited to*, in-service training, development of accident prevention procedures, accident record keeping, facility inspection, fire prevention, emergency preparedness plan and traffic safety problems related to employees, students, and the community.
